

MAPEH

Foremost in the cluster are K Channel's newest shows:

Kuwentong Kartero

A series on adolescent health and sexuality, responsible parenthood, and population and development;

Payong K-lusugan

on health education, especially in practicing proper hygiene to ward off diseases, and on neglected tropical diseases such as filariasis, schistosomiasis, and helminthiasis;

Agos

on hygiene and water sanitation;

Carlos' Blog - on Philippine Theater and Drama.

PAYONG K-LUSUGAN

Learning Competencies: Cleanliness; Taking Care of the Body; Filariasis

FILARIASIS

Filariasis is a parasitic disease that is caused by thread-like nematodes also known as filariae. These are transmitted from host to host by blood-feeding arthropods, mainly black flies and mosquitoes. The episode provides an overview of Filariasis, its symptoms, prevention, and treatment, and some tips on cleanliness and taking care of the body.
